

## Euroma 3

Interior lighting has been undergoing a massive transformation in recent years. In stores, from the big shopping centres to the small boutiques, lighting is the central element around which the right system should be designed in order to create a pleasant and attractive environment for customers. In the leisure & hospitality sector (hotels, bars, restaurants) lighting is equally important to create a customised and well recognisable style.

Housing adjustable: in die cast aluminium

Reflector: In coated, oxidised and high yield polished aluminium.

Painting: dust painted, using polyester epoxy paint to withstand UV rays.
