In large areas and shopping centres, the light should be agreeable to the eye, and enhance the characteristics of the products on display. The reflector's design is also critical: it should be pleasant looking and blend harmoniously with the surroundings. These are the requirements we had in mind when we created the Compendio series.

Housing: Die-cast aluminium with cooling fins.

Diffuser: clear polycarbonate with a silk finish, metal-coated inside and painted outside.

Coating: Humidity resistant acrylic-resin liquid paint, UV-stabilised .

Regulations: Manufactured in accordance with standards EN60598 - CEI 34 -21. Degree of protection in accordance with standards EN60529.

Lamps: Includes discharge lamps, and compact fluorescent lamps.
