

Cast "A+B+C" - ESALED

Code	Gear	Kg	Colour	Dimensions	W Tot	lamp
22501373-00	CLD CELL-F	2.60	met. silver	240x150x97	14	ESALED-1260lm @ 700mA-3000K - 10°
22501374-00	CLD CELL-F	2.60	met. silver	240x150x97	14	ESALED-1260lm @ 700mA-3000K - 25°
22501375-00	CLD CELL-F	2.60	met. silver	240x150x97	14	ESALED-1260lm @ 700mA-3000K - 40°
22501370-00	CLD CELL-F	2.60	met. silver	240x150x97	14	ESALED-1400lm @ 700mA-4000K - 10°
22501371-00	CLD CELL-F	2.60	met. silver	240x150x97	14	ESALED-1400lm @ 700mA-4000K - 25°
22501372-00	CLD CELL-F	2.60	met. silver	240x150x97	14	ESALED-1400lm @ 700mA-4000K - 40°

Cast addresses today's light engineering needs - for artworks, trade fairs, architectural applications, whenever the goal is to enhance the form and volume of illuminated objects. More than a product, it is a "family of light". Achievement of quality lighting and high technical performance are the key features of the "CAST" project.

Housing: Die-cast aluminium with cooling holes.

Coating: Powder coated with polyester epoxy paint, UV-resistant.

Regulations: Manufactured in accordance with standards EN60598 - CEI 34 -21. Degree of protection in accordance with standards EN60529.
