## 3227 Sforza LED

Urban elegance often rhymes with simplicity. A need is felt for simple and easily recognizable shapes in an urban landscape increasingly crowded with stimuli and confused signals.

Sforza conveys a sense of peace and reliability, which is just what a good urban lighting project requires. (also indoor version)

Housing/Frame: in die-cast aluminium. With provision for central connection Diffuser: tempered glass, 5 mm thick, thermal shock and impact resistant (UNI EN 12150 tests .- 1/2001).

Optics: in PMMA, highly resistant to temperature and UV radiation

Coating: the standard liquid immersion coating consists of a first metal surface pre-treatment stage, a successive epoxy cataphoresis corrosion and salt resistant coating, and a final layer of bi-component acrylic liquid UV-stabilised coating

Standard supply: automatic temperature control device. In the event of an unexpected LED temperature rise caused by particular weather conditions or a LED failure, the system will reduce the luminous flux to lower the working temperature and guarantee proper operation. Safety diode to protect against voltage peaks.

Equipment: complete with IP67 airtight connector for mains connection.

Supplied with double insulation switch that cuts off electricity when the cover is opened.

Heat sink: the heat dissipation system is specially designed and made to allow the operation of the LED lights with temperatures below 50° (Tj = 25°), thus guaranteeing excellent performance/efficiency and durability.

LED: Latest generation LED technology, Ta-30+40°C life 60.000h to 70% L70B20

Photobiological safety class: exempt group

Power factor >0.9

Regulations: Produced according to applicable EN60598-1 CEI 34-21 standards, degree of protection according to EN 60529 standards.

At request it can be equipped with several dimming systems installed on the fixture:

1491 poles to be sunk into the

1435 Village Pole

- Bi-power dimming with virtual midnight option. - Power line carrier (PLC) remote control.

- 1-10V dimmable driver with external control.
