2157 Radon HP - symmetric 1 MODULE

Housing: in extruded aluminium with terminal ends in die-cast aluminium.

Reflector: in matt aluminium, high efficiency and anti-glare.

Diffuser: 4 mm thick temperate glass resistant to thermal shock and impacts (UNI EN 12150-1:2001).

Coating: the standard powder coating consists of a first metal surface pretreatment stage of UV-stabilised, corrosion and salt resistant polyester powder

Equipment: complete with galvanised and coated bracket. Silicone rubber gasket; external screws and bolts in stainless steel; air recirculation valve. Airtight connector for quick installation with no need to open the fixture.

Wiring: 220-240V 50/60Hz power supply; with IP66 driver applied to the fixture. Electronic safety device to protect the LED module and the related ballast compliant with EN 61547.

It works in two modes:

- differential mode: surge between power cables and between the phase and neutral.
- common mode: surge between power, L/N and ground cables or between the fixture's body if it is of class II and installed on a metal pole.

On request:

- protection up to 10KV.
- -Possibility of centralized lighting point control or via external presence/lighting
- -Coating compliant with UNI EN ISO 9227 Corrosion tests in artificial atmospheres for aggressive environments
- -Version CLD D-D (DALI)wiring with subcode -0041: thanks to preprogrammed settings or a software programme, this type of wiring allows accurate light emission dimming.

LED: Luminous flux maintenance 80%: 50.000h (L80B20). Power factor 0.95.

295W: Ta indoor = -40°C ÷ +35° / Ta outdoor = -40°C ÷ +45° 409W: Ta indoor = -40°C ÷ +35° / Ta outdoor = -40°C ÷ +45° 590W: Ta indoor = -40°C ÷ +35° / Ta outdoor = -40°C ÷ +45°

Wind surface:

4 COB: L=915cm2 - F1182cm2 6 COB: L=1205cm2 - F=1752cm2

The reported luminous flux is the flux emitted by the light source with a tolerance of ± 10% compared to the indicated value. The W tot column indicates the total wattage absorbed by the system without exceeding 10% of the indicated
